15.11.4.1949

My dear Dr Hardikar.

Read your letter. I have just received a letter from Dr S.S. Hardikar. He writes that 1st may will be convenient day for holding the C.E. meeting. So you should request the Secretary to hold the meeting on Sunday the 1st may intimate this date to the Bombay members. Wait for the 8th meeting as I have to attend the Karnchak Maharashtra Medical Conference to be held in Kolhapur.

Dr Hardikar is expected in Athani on the 19th. The expenses are there on that date - but I don't

Hubli. I shall be at
Dr Kini at 9 to check
up the Court

Hoping to

Yours

P.S.

You also inform Dr N.S.
Hardikar Lachmeshwar if
you see him Sunday the 15th
so that he may adjust
his other engagements.

Dear Hawaldar

Your letters were awaiting me here. Thanks. Why should there be a tussel like that between you and Kulkarni? I am sorry to note the same. How can we run the Institute if such things go on. We should Cooperate with each other and work smoothly. We should not mind such episodes. After all we have to keep the Institute before our eyes and carry on. Please settle everything amongst yourself and show me the way in which all of you do Co-operate with each other. Will you? Even to Mr Kulkarni I appeal to him to forget and march. Show the hand to him and keep the store ready for inspection.

I am reaching H.R. on the 18th Jan. I worked for Nipani on the 17th. I will Come to H.R. from Nipani. So you need not send the OXford to the station.

I have heard from Dr. Joshi. I have written to him. 18th of May (Sunday) suits me. Fix that date and send out notices after getting instructions from Mr. Mahajan. Dr. Mahajan also has no objection to be there on the 18th. Call the meeting at Hukeri Road and not at Belgaum. Do you understand? Write to Mahajan to that effect. Show this card to Dr. Joshi. I have no letter also. Ask him to take care of himself. Yours

Sir,

Mr. S.V. Mahajan had intimated to us to fix the - Meeting on the 22 nd of May, as that is convenient - for you. We all wish that you should be present for - every Meeting of the G.C. So that you will be in close contact with the Institute and its working.

Dr. Hardikar who has arrived here to-day, says 22- nd of May will suit him. Dr. (Miss) Mahajan also writes that it will be convenient to her. So, also we will - write to Mr. Nimbkar that he should make it convenient to come here on the 22 nd of May.

We will send the Agenda to Mr. S.V. Mahajan and - notices will be circulated to all members soon.

With kind regards.

Dear Sir,

Dr.Hardiakr has come here to-day morning from - Nipani. I showed him your letter. He says that he would attend the next meeting on the 22 nd of May at any cost. We want Dr.Joshi also for the meeting. Dr.(Miss) Mahajan also has no objection to fix it up on 22 nd. Mr.Nombkar will be informed about the date.

So we shall fix up the Meeting on the 22 nd of - May. The Agenda will be sent to you after consulting Dr. Hardikar.

Dr.Joshi has written to Dr.Hardiakr and he is - replying him to-day.

Sir,

I hope you have received my last letter of the 16 th instant.

In continuation of that I wish to inform you that the Meeting has got to be postponed even after the 30 th instant, as Dr.Joshi writes to say that it will not be convenient for him to go over to Hukeri Road for the meeting till 22 nd of May.

As important matters are at issue we think that your presence is indispensible for the Meeting. 22 nd of May is convenient to Dr.Hardiakr, Dr(Miss) Mahajan and also to Mr.S.V.Mahajan secretary. So, you will kindly set apart 22 nd of May for the Meeting of the G.C. Your presence at Hukeri Road from time to time will give us all a great impetus to work, and your advise will guide

P.T.O.

us all properly. Dr.Hardikar will write to you separate-

Sir,

Your kind post card to hand. I showed it to Dr. Harde-kar, who has come here this morning. Dr. Joshi had written to Dr. Hardiakr that neithor 30 th nor 1 st of May would not convenient at all. His presence, as of all other members including yourself, is necessary for the next aas well as other me-tings, of G.C. as you have to look after the Institute during the absence of Dr. Kokat-nur. So, you should be kind enough to take greater interest and give us chance to work under your guidance

28 nd of May is suitable to all, as also to Dr. Harde-ikar. He has asked me to write to you this letter to request you that you should not fail to attend the next Meeting under any circumstances.

The Agenda will be settled in consultation with Dr.

P.T.O.

Hardikar and the notices will be circulated soon. Dr. - Hardiakr is staying here till ~~[illegible]~~ at least the 2nd instant.

Dear Dr. Vaidya,

Received yours few days back and thank you. I am glad to hear that you have taken over the institution and is trying to run it on your line. I also know that it is a very difficult job but I am confident that in your able hands it will all turn out very well. May God help you and bless you.

I met a lady with Mrs Nimkar (who is doing a lot towards orphan) who told me how hard you work and what a fine man you are. It is a shame I do not know her name. She also said that you know me.

Now about a person to come over to you. Please may I know what you Suggest her Scale of pay & what kind of accomodation you can offer her.

Money is not everything. but it is one of the main reasons for which one works Here the Sisters are paid 130 + 12 - for quarters, and mess. So to come. over there they need something more. I am not knowing anyone in view but if I know full detail I will be able to help if a chance occur.

Now about me and our hospital. Dr. Jogellar is the Supt. and I may be promoted to makoni's grade Shortly. We have 4 wards of 50 beds = new opened at present. And will be opening the 5th Ward Soon. Our O.P.D. attendance are increasing - it is between 350 - 450 now Theatres are working in normal force - and - Midwifery Section is also coming up.

Though we are still in military barracks we all are happy - Yours Sincerely

How are you. hope you are well - Love

Dear Dr.Borges,

I am refering a case to you. He came to me with marked distension and signs of complete obstruction - slowly supervening within a period of a week.

An exploratory laprotomy had to be done, and a stricture in the sigmoid detected. I had to do a colo--stomy at the accessible point, taking it to be a carci-nomatious lesion clinically. He left and refused to go to Tatas being of average means.

He disappeared for 2 months and then suddenly appeared with a willingness to go to Tata Memorial. - which I advised him for better treatment and diagnosis which we cannot do here for want of facilities. The - colostomy is now working well and he has markedly -

improved in general condition.

Please, therefore, give him the necessary attention and advice and let me know.

With thanks.

Sir,

I showed the letter you had sent with my son, to - Dr.Vaidya. He is very busy and in the last week he has performed 3 abdominal operations.

You had stated in your letter that you would add - one more item to the Agenda proposed by Dr.Hardikar and send it for typing to us for being circulated. Will you kindly do it early ? The Meeting is fixed on the 22 nd and the notices have got to be circulated as early as possible.

We have not been able to type the copies of the - new constitution which you had asked us to circulate - to the members of G.C.. Mr.Kulkarni is alone. He has had

to complete the accounts upto date and also to look to other day to day work, which is very heavy indeed for one man to do. Dr. Kokatnur wished to have a very compe--tant typist with knowledge of accountancy. But any way we are badly in need of a hand for our Office. It will be too difficult to pull on under the present circumsta--ances.

Dr. Hardikar is expected here soon. Awaiting the favour of an immediate reply.

Your post card was shown to me by Dr.Vaidya. He has - already given his official reply and therefore I am not - writing anything about it.

Mr.S.V.Mahajan in one of his previous letter had infor- -med us that he would add one more item to the Agenda pro- -posed by you. As we have not yet received it from him, we have written to him to send the whole Agenda for being - circulated. As soon as we receive we will type and send them for circulation.

Mr.Kulkarni is alone so he could not therefore type - the remaining copies of the Constitution to be sent to - members. We have already sent copies and we will send the remaining soon. Mr.Kulkarni has had to complete the account in order to give Dr.Vaidya the whole idea as a number of -

bills are pending unpaid.

Dr.Vaidya wants himself to be completely sure of the whole situation. We have shown them all the accounts today - to him. Owing to this the cleaning up of the store room is not yet complete. One room has got to be cleaned and rearranged in the presence of Mr.Kulkarni who has been unable to spare time on account of his work.

We have put up the letter of Shri. M.N.Mangalwedekar before Dr.Vaidya for his directions regarding the printing work.

I received with great rejoicing and pride the high - tribute paid to you by Shri. Rajendra Babu for the services you have rendered to the countryorganising the seva D l: Oh, you are indeed more great than what we ordinary p -ople have reckoned of you?

There has been a summons to appear in your court on 23rd inst: with ref. to case No 15.9.1949

This is to bring to your kind notice that ~~it became very inconvenient~~ last time I had to appear before the Jayanagar Magistrate, the experience was not very happy. I was called, as is the routine, at 10 A.M. and was stranded there up to 3 P.M. There were no arrangements available for staying & boarding either, and only a 2nd class allowance was paid.

I need not tell you the difficulties of present-day travel by II class. Besides a whole day was spent out causing inconvenience to the work of the Institute.

I would, therefore, like to know from you wether I can send one of the other doctors in my place so that the work will not have to suffer and inconvenience caused particularly to patients coming from distant places.

I would also like to know whether the travelling of these doctors can be made more comfortable by granting them 1st class allowance so that they are not ~~exausted~~ exausted by the time they come here back and not attend to their work

Sir; Sub:- Approval under Section 15-B. of the Indian Income-Tax Act 1922.

This is a request to you on behalf of the Institute and its management to move the Govt. of India for approving the above Institute as a charitable Institution, donations to which would be exempt from taxation in the hands of the donor under Section 15-B of the Indian Income-tax Act.

The above Institute was founded in 1936 and has since been doing useful work in the treatment of Tuberculosis mainly, ~~as well as~~ also other general medical & Surgical work. It has been serving people from various parts of this country and doing its humble task against handicaps and impediment that only sincerity and enthusiasm could withstand. A copy of its constitution as amended in 1949 and another prospectus is enclosed herewith.

The Institution is run mainly on Subscriptions, fees, rent, and other charges levied from the patients as well as periodical donations from Charitable minded people. In spite of its meagre resources, it has always aimed, and frequently carried out charities in the shape of cheap and/or free medical & Surgical service. But Tuberculosis is a terrible disease and I need hardly tell anyone in India that its treatment is hardly not a choice for the poor men of this country who, unfortunately, are the ones usually attacked.

The Institution is very well situated regards climate, surrounding, ~~and~~ water supply and communications. Tuberculosis is spreading rapidly in our country and the demand for accomodation is beyond expectation in spite of general poverty. For want of funds, Institution is unable to supply even an ~~part~~ iota of that demand and we feel helpless both because we cannot grant more & more concessions to the poor, and because we cannot even accomodate those cases that are detected early and could have been cured if admitted & treated in time.

INTESTINAL AMOEBIASIS.

Dear Doctor,

With the advent of hydroxyquinoline derivatives in the oral treatment of amoebic dysentery, the products were combined with CHLORINE. This chlorine combination gave rise to many untoward symptoms, which may occur with as little as 4.0 gm of the drug.

H. A. ANDERSON[1] describes these as severe gastric distress, with nausea, vomiting, colicky pains, diarrhoea, excessive flatulence etc. These toxicity and irritation to the intestinal walls naturally hampered treatment and its repetition in intestinal amoebiasis.

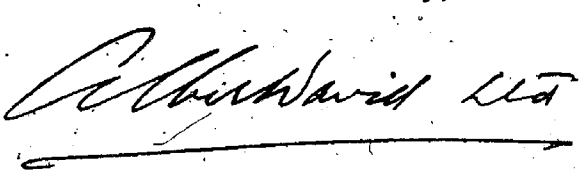
Researches carried out during the last few years in an endeavour to remove the chlorine and corresponding increase of iodine content produced DI-IODO-HYDROXYQUINOLINE (SIODO-ENTERIN). This drug, while maintaining its high amoebicide property due to 64% iodine content, is totally harmless even in intensive and repeated therapy. The high percentage of iodine content does NOT cause iodism as it is not absorbed by the intestinal walls.

Many favourable reports of DI-IODO-HYDROXYQUINOLINE (SIODO-ENTERIN) therapy in intestinal amoebiasis are available in medical literature. J. S. ATONI[2] treated 84 cases of amoebiasis without drug reaction. D. W. SILVERMAN[3] treated 25 cases of acute and chronic amoebic colitis and observed no toxic effects after 12 tablets of 0.2I gm each per day.

SIODO-ENTERIN (5:7-DI-IODO-8-HYDROXYQUINOLINE) is indicated in acute and chronic amoebic dysentery, Balantidial infection, Giardiasis, Colitis, Summer Diarrhoea etc.

DOSAGE is 2-3 tablets taken twice or thrice daily for 10-12 days. A full course consists of 60 tablets of 0.2 gm each.

Yours sincerely,



Scientific Department.

6. We are finding it very difficult to run the Institute on account of growing costs not to speak of necessary extensions. Such Institutions are already too few in our country in proportion to needs - and so we feel strongly the necessity to approach the Govt and the charity minded public for larger and liberal donations.

7. We feel that if for donations, this Institution which is serving such a useful purpose is included in the list of approved Charitable Institutions under section 15-B of Indian Income-tax act it would be an additional inducement to donors to make liberal contributions to its growth.

5. I am, therefore, to request that the Govt may be moved to pass orders accordingly at a very early date.

Awaiting your urgent reactions & help.

Ref:- No. 1066/1949. Date. 11 th June 1949.

To

M.P.Vali Esqr.,
District Local Board,
Belgaum.

My dear Vali,

I do not know whether you know anything about my interest in the Karnatak Health Institute's Hospital & Sanatorium. Let me tell you that I am a friend of Dr.Kokatnur and I am very much interested in the work that he is doing at Hukeri Road, for the last 15 years. Though I was not officially connected with it at the beginning I allowed my name to be used at its later stage and am now fully associated with the Institute. As Dr.Kokatnur has gone to America to refresh his medical & surgical knowledge, I come here every now and then to help the person in charge. It is therefore that I had to write this letter to you , which, at the very outset, is bound to cause some surprise.

We have planned to plant some trees in this rocky place. Dr.Kokatnur has tried this in the past and in some cases he has succeeded and in some others he has failed. We have to try every time and get some success each time. This year also we wish to plant about 50 or so trees and try our luck. While planting we have to choose best trees and see which one is likely to grow in this hard rock. We have approached the Agricultural Farm also. We are getting a few from them. We want a few more which we wish to get from the trees owned by D.L.B. We want 50 small branches of trees like Vad, Basari, Pimpal etc. which are found on the D.L.B. Road between Hukeri Road and Arbahavi. Please allow us to take the same from that area. We will cut only such branches which come directly on the Road. We will certainly see that , in now way our action harms the trees.

I will be highly obliged to you If you write a line immediately and give the required permission.

With kind regards.

My dear Doctor

Yours with Dr. Gomis letter Thanks. Today Shri. Managoli the manager of our Press has gone to Hukeri Road with two Registered books and 4000 forms. The Constitution is read. I am sending a copy each to some members. I will bring all the remaining copies with me. The other printed material also will be brought ~~along~~ by me.

I reach Hukeri Road on the 24th night by mail and not on the 22nd or 23rd. I have a function here on the 24th noon. I will finish it and then leave by

mail. Send 13th Oxford to
receive me. 24th mail at 8 P.M.

Dear Dr. Vaidya,

A letter to you is long overdue and I am extremely sorry for the delay.

It was very disappointing to know the decision of the meeting. However in the interest of the institution, one cannot say anything.

The hernio-raphy pt. is perfectly well, and is going about his business. We had warn him about the things he must not do, to get a good result of the operation. He and his relations are quite pleased at the

operation. Herein I am enclosing a cheque on the Belgaum Bank for Rs 100/- which please accept. The pt. is not financially well placed, and it was not possible to charge him, except moderate fee. I hope you don't mind.

We are getting on well. Thank you, doctor, for the compliments and I am sure with your co-operation, we would have done far excellent. One must have patience.

When will you be visiting Belgaum next? Do let us know.

With all good wishes & best regards from myself & my brothers.

My dear Doctor Vaidya

Your card. Thanks. I have Raghunathrao's card also. I am coming on the 13th by mail. Please send your Oxford. I know I am late in coming this time, but I had to get the Kirloskerwadi machine fixed. Some of the work in the Press had to be upset as some of the workers were kept busy with the fixing of that machine. Now, I have got Power for that. Most probably I will have to go to Bombay to get it. But that I will settle later. I am expecting a reply from Bombay now.

Some of the forms which I brought for printing are ready. I will bring them with me. The others are yet to be taken in hand. The Prospectus will be taken in hand next week. I am expecting photographs from Bombay. After receiving the same I will start printing on the Prospectus.

I am glad your work is progressing. What about that Gentleman who was to come for a fortnight to Hunter Road for study? When is he coming? I want to be there when he arrives?

2 — 14

After I reach H. Road I will settle about going to Kirloskarwadi. I have to go there for two days. It may be on the 14th itself or on the 15th.

Has Mr. Mahajan replied to my letter? Has he just sent a draft of the notice to be circulated amongst the members of the Governing Council? You know we are to meet on the 24th of this month at H. Road.

Mr. N. G. Kulkarni - is arriving on Tuesday morning 19th inst. by Poona mail. He will be leaving Bombay tomorrow evening. As you know, it was decided in the last meeting of the G.C. that Mr. Kulkarni be requested to stay at K.H. institute and get first hand information regarding the nature of the work that is to be carried out from day to day & many other things - that are to be looked after in the institute. I am sure you will acquaint him with the necessary data & details.

Mr. Kulkarni architect is making more plans — and they will be ready when I come in 2 days. He had made me which was seen by us here & the alternative plans are in the making.

I will see what could be done about the drains etc.

my dear Dr.;

Recd your letters. I have handed over the information about debentures to the D.C.C. Bank. I went & also saw Mr. Kulkarni about the Cots. He said that he will prepare the Cots according to the specifications given by you. i.e. 3¼ by 6¼. the cot will be about 2 Rs more i.e it will be 47 Rs. I believe you have given orders about Cots with polls for curtains. I consulted Mr. Herwadkar about price. He says it is reasonable. Mr. Kulkarni asked if whether I could pay anything in advance. I told him that it is the custom of our Institute to pay against delivery.

I am sending herewith 2 receipts of Rs 500 & 300 respectively credited in the name of our Institute in Belgaum D.C.C. Bank. please credit the amounts in the name of Dr. Bilur of Akkani & send him a letter.

of thanks.

I today received a letter from Dr. N.S. Hardikar enclosing that I should call the meeting of the G.C. on 25th Sept. at 4 p.m. He has canvassed Mr Nambiar & Dr Joshi. Please let me know the subjects to be mentioned in the agenda.

I am sorry I could not write to you before this, as my son Ramesh was seriously ill. He is now much better & I am free from anxiety. Please excuse delay.

P.S.

I think Mr Kulkarni gave you quotation of Rs 45 for a cot of 3 by 6. If you are going to have the measurement of 2 3/4 by 6, then the price must be reduced. Mr Kulkarni is under the impression that you want Cots of 3 1/4 by 6 1/4. Please write to him once more & get the matter confirmed. For a cot of 3 by 6, 45 Rs is reasonable.

Dear Doctorsaheb,

I may be excused for the inordinate delay in writing to you after my return here from Hukeri Road nearly a month ago. I improved in health considerably by my stay in the salubrious climate of Hukeri Road where I enjoyed a life of ease and rest for about two months.

I am grateful to you for the prompt and careful attention which you were kind enough to bestow on me when I approached you at an odd hour for the treatment of injuries on my face caused by the unfortunate fall at the Railway Station. It helped early healing of the several injuries. You also displayed extreme kindness to Mrs. Kittur and myself whenever we approached you with our complaints of ill-health and by your sympathetic treatment and advice we were enabled to secure the desired relief. I may be allowed to express that both of us are much obliged to you for the courtesy and consideration shown to us during our visits to your Hospital. If ever I have an occasion to visit any place in the neighbourhood of Hukeri Road I shall not fail to call on you.

Trust that all is well with you.

Yours sincerely,

Dear Dr Vaidya:

I am in due receipt of yours of 10th inst. Mr. Nimbkar will be visiting Ithikari road about 24th or 25th inst. You can send the plans with him or by post after he has seen them. I would like to have your comments about them.

I think I was present when the points mentioned in your letter were discussed at the meeting. It was also suggested to include Dr. Karmarkar R.H.I. Gupte on the medical council at the meeting, after ~~them~~ taking their consent. They are agreed to work on the council. Since Dr Sardesai, Sathe Karmarkar, Gupte, Mr. Nimbkar & myself are stationed in Bombay — it will be convinient if the 1st medical council meets in Bombay — to discuss then various items connected with the medical aspect of the institute. I have talked about this to Mr. Nimbkar and ~~he~~ I have suggested Sept 6th —

Sunday 17 — the day for meeting of the medical council. Dr. Kabra & Dr. Joshi (Sanitarium) will have to make a trip to Bombay. The meeting will be held on - 3rd Evening or 4th morning

Dr. Sardesai leaves for Talegaon each Sunday afternoon.

If the proposal you are agreed — please write to Dr. Kabra & Joshi & I will intimate local people. You might send a regular notice. to all the members (Mrs. Gupte & Karmarkar will be officially taken up at next G.C. meeting).

In the mean time - please draw out a plan — showing the present staff. medical & non-medical — their present scale of pay etc. and - the staff you will need - to carry out the work as sketched — and the scales of pay - you would like to propose. Also bring forward - other items - like the provision of equipment - for the hospital — instruments, etc - furniture, etc. in your proposals. — I will like

Dear Dr Hardikar

I just returned from Bijapur - this morning. I had been there on Tuesday to see a relation of mine Master Vithal Brix. who is down with typhoid. Dr Vaidya returned to Hukkeri on - yesterday by Poona Mail - and must have received them this morning.

We met Mr Nimbkar and a detailed talk with him over various matters connected K.H institute. We gathered from him - that the next G.C. meeting was called on 25th inst. The first medical council met last Sunday at my place and we are meeting again on 25th morning at Hukkeri. Dr. Sathe, Karmarkar & myself will be attending clinical work on 25th & 26th inst and will visit next in the last week of Nov. for two days

and will be regularly visiting
every two months for two days.
Dr Sardesai has gone on a
trip to Kashmir and will be
coming from N.W. Mrs Sathe
will be accompanying Dr Sathe.
Dr Gupte & Dr Karmarkar are
willing to render medical
counsel and at my request
attended the first meeting.
Dr. Gupte & Karmarkar will be
coming to K.H. Institute on 25th.

Mr. Mahajan's letter
was a surprise to me. He wants
to phone ~~to Mr~~ me to ~~phone~~
Mr. Nimbkar and inform him
about this. It is much better
that Mr. Mahajan writes to him

Dear Dr. Vaidya,

My daughter, Kantikeya, sent me the certificate ~~for~~ given by you for obtaining another course of 30 gms. Streptomycin. I took it as usual to Col. Bhandari, the Surgeon-General, Govt. of Bombay, for getting a release order. I have been to him twice before, so that he knows me somewhat. He asked me about particulars of the case, how much streptomycin has been given so far etc. I gave him a rough history of the case — how long she has been in the sanatorium and added that she has had 90 gms. streptomycin so far. Actually I believe she has had 120 gms: but I deliberately gave a lower figure. Even so he says that 90 gms. is a fairly big enough quantity & it was not advisable to give any more streptomycin. He said the germs get-~~came~~ resistant - not only to this drug but to other drugs as well. So he asked me to consult you about the advisability of giving

Replied 13-10-62

more streptomycin and then only start it.
I am therefore writing to you immediately.
Further, you have not sent the statement
in tabular form showing the result of the
previous course as was done on prior occasions
He wanted that also.

Please do not mistake me. As a layman
I have no business to advise you about matters
on which you must be an authority. But on
this question of further streptomycin
injections I am not giving you my opinion
but that of the Surgeon-General, Col. Bhandari.
He says he knows the K-H-1 as well as its
Kolkatan. Perhaps he has not met you. My
request to you is only to re-consider the
matter in the light of what the surgeon-
general says & if you still think that in
the circumstances of Mallikarjun's case,
a further course of streptomycin is necessary
and desirable, I shall get the medicine
immediately & send it by parcel post.

I hope you will excuse me for the trouble
I am giving you. I am awaiting your
reply by return of post. With my regards,

Yours sincerely

P.S. I shall send you my chq. for the fitting as soon as
I receive the bill which you promised to
send direct. Kothawala.

My dear Doctor Vaidya

You must have received my card. I requested you to write officially to Balasaheb Kher Esq. Premier of Bombay to pay a visit to the Sanitorium on the 26th of this month when he comes to the neighbourhood of Hukeri Road. Have you done so? If not, do it at once.

I want you to meet me tomorrow (Saturday 15.10.49) at the mail time on the Station platform. I am going to Bombay tomorrow and I will return to Hubli on Tuesday 18.10.49. For 30 hours only I will be in Bombay.

While coming to the Station bring a slip the figures on to be introduced in your article (2nd instalment you gave) on Sepsis etc. Asepsis etc. I have lost the one you gave.

Also, I want addresses of those firms where Caution is to be purchased, where

Oxygen Cylinders are to be purchased and addresses of firms You had promised to Dr. Mahajan.

I have received a copy of the letter addressed to You by Nimbkar. Has Mr. Kale arrived? If he is there bring him to the Station. Let me see him. I am seeing Nimbkar at Bombay.

If Balasaheb Consents to visit the Sanitorium You will have to serve him Tea. See that every thing is kept tip top. Look to Sanitation & cleanliness of every cottage & every house as also the whole area. Also please do write immediately to S.V. Mahajan and Bhimarao and urge them to come to H. Road when Balasaheb arrives.

I am sorry I had to cancel my going to Bombay today. I do not know when I will proceed thither. I wrote to you, Mahajan wrote to you. I have also wired to you to meet me at the Station today. So, I had to wire you again saying "Don't go Station. Am not going Bombay." I hope this correspondence has not must have caused you a lot of inconvenience.

Did you invite Balasahib Kher to pay a visit to the Sanitorium on the 26th or 27th when he comes for his programme to Villages in the neighbourhood of Haveri? If not write at once. He is coming to visit. I am writing to S.V.M. & B.B. to come that day.

Dear Doctor Vaidya

20

I would like to be examined by you and other expert Doctors of your institution and send the report of my health thereby arrived from you all to the Superintendent of Arogyavaram - a T.B.Sanatorium in Chittore District in the Madras Presidency. Because when I was given permission to leave the Sanatorium on the 8th of the last June, I was asked to send my health report after every three or four months. I am, therefore, inclined to start to Hukkeri Road by Banglore Mail tomorrow night, failing which, I will catch any train on Monday the 17th inst.

I had already written a letter to Dr.Hardikar for the same. But I do not think it would reach him in time so that he could drop a letter to you.

Thanking you,

Yours sincerely,

Dr. Vidiya,
K.H.I. Hospital,
Hukui Road,
Hukui.

Dear Dr. Vidiya,

I have in my employ as nurse to my two small children a Mrs. Kathleen Keegan, whose Mother is Matron at the K.H.I. Hospital; and who is I understand seriously ill.

I have recently allowed Kathleen 10 days leave in which to see her Mother, and on her return she informs me that her Mother has been placed in the Hospital and that her condition is critical.

I wish therefore to make request that in the event of her Mother being placed on the danger list, and dying, that a telegram be sent direct to my husband - address as above so that we may allow Kathleen a further few days leave, in which to see her Mother, etc.

I also wish to add that Kathleen is very worried that in the event of her Mother's death, she will be called upon to finance the funeral arrangements. This I can truthfully say she is not in a position to do. At the present time she is paying off monthly a debt she incurred for boarding houses, and expenses during a period she had no work in Bombay. She has recently had her train expanses to pay to Hukui, and her wages are already being paid in advance. If she requires to return to Hukui for her Mother's funeral she will have additional train expenses to meet.

I therefore make request that any money owing to her Mother in the form of wages, etc., be kept by the Hospital to be handed over to meet funeral expenses. I trust the Hospital will do all it can to see that such expenses are met from Kathleen's relations, or that at least they contribute to the expenses, as I

have already intimated Kathleen has not the money to pay.

Should you find the time I should be grateful to hear from you the exact position relating to this illness, as I find Kathleen a very hard worker, and my husband and I wish to do all we can to help her in this matter, which is obviously causing her much anxiety.

Yours sincerely,

Jean F. Girvan.

HUBLI: 18-10-1949

My Dear Doctor,

Your two cards and a Letter of Yesterday Thanks. I have already written to you about Sri. Nimbkar and about Bala Saheb. I have again received a letter from Sri. Nimkar. I am writing to him again. I have an answer from Sri. Mahajan and also Sri. Bhima Rao. Mr. Mahajan and Mr. Bhimarao are both going to Hukeri Road on the 26th or 27th when Bala Saheb visits our Institute. I will reach on the 24th night or the 25th afternoon. I will let you know the exact time and date.

Before Bala Saheb comes, I want the following things to be done and kept ready:-

1) Scrupulous Cleanliness in every hut and every building and the entire area belonging to the Institute

2) The Office Room should be re-arranged so as to look neat, tidy and tip-top. The byndles that are kept on cup-boards should be arranged and kept properly. The Medicine Stock and other Stores if any in that room should be immediately removed to the Store Room.

3) The Store Room should be cleaned and dusted and the stock list must be brought up-to-date.

4) The material that is lying in front of the Store Room and behind the Office Room should be neatly arranged and kept. All grass etc. from that area should be removed. Let the Machine Room also be neatly arranged.

5) Arrangements for washing clothes in the Garden opposite the Office, near the well should be completed.

6) Mess and the surrounding area should be properly looked after.

1. Tidy up the whole ward.
2. The lamps in operation theatre
3. Arrangement in operation theatre.
4. Unnecessary material in opⁿ Theatre.
5. The skeleton
6. The Path Specimens
7. Coach in the waiting room.
8. Cots and mattresses.
9. Surroundings of the ward.
10. The Carpenter's shade.

7) Ellurkar's used water flows uncared for. See that trees etc. are planted there. Don't forget that his residence is next to the main road.

8) The First Entrance (Nearer the Station) to the Institute area is not kept properly. The bridge was to be repaired and attended to. See whether that bridge work can be taken up immediately and completed.

9) Will the new latrines behind the mess be ready before ~~the~~ the 25th? The latrine water behind the club room does give a nauti ating smell. See what you can do to get rid of it.

10) Just enter the Go-Shala and see whether that is kept clean and neat.

11) The main T.B.Ward must be washed thoroughly and the latrines and the seats in the latrines should be whitened. The lower portion of the walls of the Jubilee Ward was to be tarred. Is it done? If notbget it done.

In short, see that the Institute is made presentable to any visitor if he comes even tomorrow.

Don't forget your Office Records. You have to keep your monthly statements ready. Statement of account, statement of work done during each month etc., will have to be shown to Bala Saheb.

Keep your Income-Tax correspondence ready to be shown to Bala Saheb, is necessary.

Regarding ~~the~~ Tea to be served, it is very difficult to give you the exact number of people that will be with him on that day - but, anyhow it will certainly be less than 24. You know what to get. Leave it to Nagappa. (See That the Ration shop contains nothing but the ration to be distributed)

Get all the workers together, explain to them ~~eve~~ everything, read the instructions given to them and make them work.

I will write to you again.

Yours truly

Office of the Director of Fisheries,

Dated, 22-10-48

Subject: Shark liver oil -Elasmin.
In capsules -

Ref: your letter No.799/1548 dt. 19-10-48.

Dear Doctor,

I have to state that my department produces shark liver oil, which is available for sale to the public in two distinct packings. The contents are of uniform excellence, excepting that Shark Liver Oil - Bombay Brand has a Vitamin 'A' potency of 1000 I.Us/gm. and 'D' 100 I.Us/gm. On the other hand Elasmin is concentrated shark liver oil with Vitamin 'A' potency of 20000 I.Us/gm. and D 2000 I.Us/gm. One oz of Elasmin is available for Rs 2/- in the market.

Elasmin is also being marketed by this department in capsules, so that the characteristic odour of the oil is completely concealed and is not repellent to over-sensitive palates. Each capsule is 3 minim capacity and contains 3000 I.U. of vitamin 'A' and 300 I.U. of Vitamin 'D'.

I am sending you a few such capsules which I request, if they meet with your approval, you will kindly recommend to your patients. Government desire that this highly nutritive product should reach as wide a section of the public as possible. In order that it should be within the reach of the poorest, Government have fixed the price of 50 capsules in one phial at Re. 2/8/ . I trust that my department can count upon your co-operation and support to popularise its product.

Yours faithfully,

Director of Fisheries
Bombay.

Shark Liver Oil 'Bombay Brand' is available in bulk packing viz. gallon containers & drums. Price of this oil is Rs 12/- per gallon, Conveyance charges extra.

Kindly excuse me for the delay in sending the report of the biopsy. On examination, the section is one of granuloma, & therefore you may please start giving ~~him~~ the patient antirabic preparations on the assumption that it is granuloma & not tb. though no specific bacteria are seen in the smears. Please give the patient the entire (full 14 antirabic) lot to be taken at intervals. The first dose should be 0.1 to 0.2 cc. Thereafter the dose should be given on alternate days in increasing doses of 0.1 cc. till 0.5 cc.

Shri Bala Saheb Kher the Premier of Bombay visited the Karnatak Health Institute on the 27th October at about 3 p.m. and was received by theC.M.O and the the Secretary of the Institute. He was taken round and shown a few of the cottages and the wards. He was quite pleased with the General ward donated by Mr. V. Nimbkar of Bombay and spoke to the patients very sympathetically. The time he spent here being only half an hour all the activities and the working of the Institute could not be explained to him fully therefore all these had to be presented to him on a paper within a few hundred words which he could read in a couple of minutes and expressed his appreciation as to the efficiency kept up in the institute. The gathering was pretty large The Irrigation department of Dupdal had presented their plans of their new schemes for perusal.

Dear Dr. Vaidya,

Thank you so much for your letter No.2289/49 of 16th Oct.

Mr. Patel has since returned and reported to me. It will be much better to install a three-phase system once for all. He is preparing a scheme and will be writing to you shortly. In the meantime, we are arranging to send you a 9 KW set.

Regarding Khedekar, I believe that he has since arrived there. I will check up on this.

Dr. Hardiker is here and I will now submit that application for water connection. This is another reason why we require a 3 phase current to enable us to operate the Pump as otherwise we will have to maintain a separate engine.

My dear Dr. Vaidya,

Please let me have the exact measurements of expanded metals you want for doors and windows. I have asked a friend of mine to get them cheap for me. He may take pieces also to serve our purpose: Dont send them to Nimbkar I will write to my friend in Bombay.

Instead of woolen blankets would you prefer blankets of waste Cotton directly from a mill? A fellowworker friend wants to know. For the womens hospital & the Harijan Cooperative Hospital I will purchase them. If you prefer let me know. And how many would you want?

Your two articles would be sent to the Bombay Chronicle weekly. They have agreed to publish. My nephew is one of the asst. Editors. I see

You have corrected them. I hope you have no objection. 219

Did you send that circular to all doctors? Send a copy or two to me. We have to announce Dr. Sirdesai. Write to Dr. Koppikar of Belgaum and ask him to come to H. Road on Nov. 27. I am also writing. I told Dr. Sardesai that he (Dr. Koppikar) would come.

Write immediately. Yours affly

Dear Friend,

The signatories of this letter are unknown to you. Possibly you may have heard something about some of them, but on the whole you know very little about all of them. It matters little. You are a friend, colleague and an admirer of Dr. N. S. Hardiker. So are we. Therefore, we take the liberty of addressing this letter to you.

Many of Dr. Hardiker's friends and admirers of Karnatak including the Hon'ble R. R. Divakar, R. S. Hukkerikar, M. L. A., T. Siddalingayya, President, Mysore State Congress are thinking of celebrating his 61st Birth Day which falls on the 7th of May 1950.

Some of us have met and formed a small provisional committee in order to get in contact with friends and admirers of Dr. Hardiker spread all over the Country and inform them as to the necessity of forming a bigger committee for celebrating the Diamond Jubilee of Dr. Hardiker and to chalk out a programme for the day.

We now approach you in the hope of getting your suggestions regarding the above celebration. We will be thankful to you if you will take interest in this work and let us know the names and addresses of those who will do similarly. If a larger committee is to be formed, you will suggest one or two names of influential and prominent persons in your Province so that we may approach them to render their services by being on the committee.

We have at our disposal barely 5 months. So, we urge you to write to us now only in detail and help us.

We remain,

Dear Dr. Vir

Herewith I enclose my cheque for Rs. 653/12/- Your last bill for Rs. 563/12/- represents arrears, Rs. 300/- bluo hospital charges for November amounting to Rs. 263/12/- I have lost the previous bills, but I think I owe you for Oct. and November, for which I have added Rs. 90/-. This may please be looked into.

I shall try to pay your December bills without much delay. I am hoping that it would not be long in the absence of infections & bullets.

My application to Govt. for recognition is still pending & nothing has been done so far.

I trust you. Maithreyi continues to make progress.

Thanking you

My dear Dr. Hardikar,

How enthusiastic I feel about attending the function of the opening of the Maternity Ward and Water Works by Hon'ble Shri Balakrishna V. Keskar on the 5th instant, but I have to deny myself of the opportunity and plead inability to do so owing to preoccupations.

I wish the function every success and pray that the Maternity Ward and Water Works may expand further and further to give relief to the people of those parts. I heartily congratulate all those that are connected with the K.h.I.H. & Sanatorium upon their steady progress in the service of the country.

Once again, I pray all success to the function.

Yours sincerely,

My dear Nanasaheb:

I am in receipt of your letter of the 17th instant and am glad to note that Hon. Dr. Balakrishna V. Keskar proposes to pay a visit to Kirloskarvadi, on the 3rd or 4th of January 53.

Although we have not received any communication from him so far with regard to his proposed visit, I need hardly assure that we shall be highly obliged with his visit and would extend to him our most cordial welcome.

I note also that Dr. Keskar would proceed to Hukkeri Road from Kirloskarvadi and you desire that I should accompany him on this trip. This, I would very gladly do. Any further service I can render to him with regard to the Karnatak Health Institute would also be gladly offered.

With best wishes,

Yours sincerely,

My dear Dr. Vaidya

I have been expecting your reply but I have not yet received the same. On the 18th night I sent you a full programme of Dr. Kesker. You must have received it already. However, I am sending to you another copy for your ready reference. I hope to hear from you soon regarding the arrangements you are making. I have written to Mr. Mahajan, Secy. of the Institute. As usual he may not reply. I have written to Kanguri, Kirloskar, Potdar, Dr. Joshi, Dr. Kulkarni, Dr. Mahajan and others regarding the visit of Dr. Kesker to Hukeri Road. I hope they will all be there at the time of opening of the Maternity Ward.

I am not leaving on the 23rd by Train for Hyderabad. I leave on the 25th Thursday morning by plane. So, if you write to me in answer to this letter on Monday and Send the same to me by Express delivery I will get it on Wednesday morning. Let me know everything that is being done now regarding the visit. What is the progress made?

Mr. Nimbekar has written a long letter to me. He says that he is anxious to put up a fairly good show; let us see what he does. Please be in communication with him also as you should be with Dr. Joshi. If you want Dr. Mahajan to go over there early, write her; and she will be there. I will also write to her. She will be of immense help to you.

Yours sincerely.

My dear Dr. Madhavrao,

From the letters I have received from Dr.Nanasaheb Hardikar I can now feel certain that Dr. B.V.Keskar would pay a visit to Hukeri Road on the 5th. of January. As desired by Dr. Nanasaheb I would come there for the above occasion and return by train to Kirloskarvadi.

Dr. Keskar has written us that he would be coming to Kirloskarvadi on the morning of the 4th.January and would stay here till the afternoon when he would leave for Miraj.

Since it appears that we will have to make arrangements for Dr. Keskar from the time he arrives at Kirloskarvadi I shall be glad to know if you have received any programme of his visit to the Health Institute and if so please send me a copy of same.

With the Season's Greetings & Best Wishes for a Happy New Year, I am,

Dear Dr. Vaidya,

Dr. Keskar's final programme is stated below:-

He will reach Hukeri Road on the 5th January before noon, either in Car or train. He will take his lunch at the guest house. After rest he will visit the Hospital and Sanitorium and see everything for himself. Between 4 & 5 P.M. (any time convenient to you) he will

(i) lay foundation stone of the Maternity Ward which you are thinking of building;

(ii) Start the pump and begin circulation of water in the Sanitorium area;

(iii) Open the Maternity ward.

The first two above may or may not be done. I leave them to you and Mr. Nimbkar. If a plan of the Maternity Ward to be constructed is ready then there is no harm to lay down the foundation; for that you need only a stone. If the installation of the pump is ready and the pipes have been laid down the second also may be got done. The third is already settled.

You are at liberty to send out invitations to all your members (governing body and general body both) to your friends, sympathaisers and well-wishers. There is no objection for your getting this news published in local papers.

Get in communication with your General Secretary and give the necessary publicity. He will help you in getting it done

I am sending a copy of this to Shri S.V. Mahajan, Belgaum and also to Mr. V. Nimbkar.

Please note that Dr. Keskar is bringing his two nieces with him and a little child- Also a chaprasi. He leaves for Dharwar by the Poona- Bangalore express at about 10-30, same night. He will have his own saloon; so there is no worry about reservation etc.

Don't forget that the party will take its lunch, its afternoon coffee and dinner there with you. So you have to make arrangements not only for that party but for my party which goes there from Hubli and who go to Hukeri Road from Bombay and other places.

I will be writing to you every second day about this programme; if not daily.

I am leaving Delhi for Hyderabad on the 23rd evening. Until the 21st you write to me to this address; after that, until the 25th write to me to the following address:

My dear Dr. Madhavrao,

I am in receipt of your invitation card for the Opening Ceremony of the Maternity Ward & Water Works on the 5th.January 1953 at 5-30 p.m. at the hands of Hon'ble Shri: S.V.Keskar.

I have also received a letter from Dr.Keskar mentioning that he would reach Kirloskarvadi on the morning of the 4th.January and proceed to Miraj by the afternoon passenger. He with his two nieces and a child, wishes to go to Kolhapur by car and after staying there overnight and looking round the place leave for Hukeri Road on the morning of the 5th. The party would be there in time for lunch.

As far myself I have already written to you that we are holding the Annual Session of the Deccan Manufacturers' Association on the 4th.January at Miraj. The proceedings would continue for the whole day and I hope to be free by the evening. In that event I would go to Kolhapur to join Dr. Keskar on his trip by road to Hukeri Road, or if my time would not permit me to do so, I would go straight to Hukeri Rd. from Miraj by rail. Under any conditions you may rely on me to be there with you for the function.

With best wishes, I am,

Dear Dr.Vaidya,

Many thanks for your letter informing me that the project for supplying water to Karnatak Health Institute at Ghataprabha is now complete and awaits its formal inauguration at the hands of Dr.B.V.Keskar. You and your colleagues deserve every congratulation for carrying out this work at such little cost and I am glad that the P.W.D. has lent its assistance towards such a successful denouement.

My felicitations also on making both ends meet. So far as the cost of running your Institute, which I was glad to be able to see on two occasions during the course of the last three years, is concerned, Government would also like to show its appreciation of such work soon as its finances permit.

With all good wishes,

My dear Dr. Madhavrao,

In a letter received from Dr. Nanasaheb Hardikar he asked me to give you an idea of the total number of persons who would come to Hukeri Road on the 5th.January along with Dr.S.V.Keskar.

It is difficult to give you the exact number but I believe the party will include the following members.

Dr.S.V.Keskar, his two nieces, one child

Mr. Ghorpade, his private secretary,

Mr. S.V.Kirloskar, Dr. Adke, Mr. V.T.Patil

and two extras. The total would be ten.

We hope to arrive there in time for lunch and arrangements should be made for the above number of people.

It is now decided that on arriving at Miraj on the 4th. afternoon Dr. Keskar would be received by Dr. Adke - the Executive Engineer, Kolhapur, and the party to proceed to Kolhapur in two cars which would be placed at the disposal of the guests by Dr. Adke. They will have their tea and meals with Dr. Adke and put up at the circuit house for the night. After looking round Kolhapur the next morning the party would leave for Hukeri Road.

My dear Doctor,

Very kind of you to send me an invitation to attend the Opening ceremony of the Maternity section of your Sanatorium, at the hands of Dr. Kerkar Union Minister for Information and Broadcasting. I have to be in Bombay from 3rd to 8th in connection with the meetings of the Commodity Control Committee. You will therefore please excuse my absence.

By the self less service of yourself and your co-workers what began as a small unit has within a short span of seventeen years grown into a big institution. At a time when the practice of medicine is also becoming a business, it is heartening to learn you are adding a maternity section as well. Pray accept my best wishes for institution. I trust the Central and State Governments and the philanthropic public will come to your help and make your noble mission a success.

Yours sincerely,
S. V. Krishna Moorthy Rao

"I am glad indeed to learn that the Karnatak Health Institute Hospital and Sanitorium at Ghataprabha has built up aMaternity Ward and Water works, which is to be opened by Hon. Shri B. V. Keskar, Minister for Information and Broadcasing, Goverment of India. His presence and advice will give sufficient encouragement for the workers to build up many more such wards in different places. I wish your great and honourable task is copied because I believe service to the sick and ailing is service to God. One should take up such mission in life and ultimately render great relief to the sick and ailing humanity.

I ~~will~~ wish your function all success."

Dear Dr. Vaidya,

I thank you and the Chairman and Secretary of the Governing Council for kindly inviting me to the opening ceremony of the Maternity Ward and Water Works of the Institute. I am glad that the Hon'ble ~~Shri~~ Dr. Keskar has consented to perform the opening ceremony. I had the mind to attend the function but owing to cases fixed for hearing here I am not able to leave Madras. Please convey my thanks to Dr. Keskar for the honour he has done to the Institute. I hope the function will be a success.

Dear Dr. Naidu,

I am thankful to you for the invitation. I am glad that a maternity ward is going to be opened in the Institute on the 5th by Dr. Meskar the Honourable Minister for Information and Broadcasting. This new ward, I am sure, will serve a large number of expectant mothers and fulfil a long-felt want, in the Institute. I trust the new ward will be taken advantage of by all the people from far and near villages in the area.

Please excuse my inability to attend the function. I wish the function every success.

Yours sincerely,

Dear Dr. Hardikar,

I thank you for your very kind invitation to witness the opening of the Maternity Ward.

Your institute is fulfilling a great want in the locality and the various activities you have undertaken are an indication of the needs of the rural areas.

I feel confident that you will over-ride all difficulties and make your Centre a useful one to the poor people of the villages.

I wish you the best of luck.

Yours sincerely,

My Dear Dr.Madhav Vaidhya,

I have received your letter of 23rd December 1952, but I could not reply early. I have known the programme and most probably I may leave tomorrow for Hubli. Here too I was not able to secure your required films. However, with some effort I have been able to secure 1200 ft. of Coloured film, which I am bringing alongwith myself. I am bringing my camera, ~~alongwith you~~ and I believe you will have to take almost all the films as some time back ~~xx~~ I had a nasty fall which fretted my left wrist and I am not been able to use both hands and I do not want to risk ~~my~~ any blurred films as it is probable in hand the camera may shake. If my programme is definite I will wire to you and will be delighted to see you at the station. More when I see you personally,

Dear Dr. Vaidya,

It is very kind of you to have extended an invitation to me and Maithreyi for the opening ceremony of the Maternity Ward and Water Works of the K.H.I. I am very happy to note that under your guidance, the Institute is making rapid progress. I know from personal experience the difficulties we had in regard to water. Your water works must be a great boon to all the patients and their attendents.

It would be the greatest pleasure to me to be present at the opening ceremony. I am not in a position, however, to get away from Bombay

just now. I hope you will pardon me for not attending in person. I pray to God that He may give you a long life of useful service to humanity and that the K.H.I. will increase to greater and greater heights.

Maitreyi joins me in expressing her good wishes.

Yours sincerely,
K. Srinivasan

I am receipt of Wh your letters. I am extremely sorry that it has not been possible for me to be present at the time of the inaugural ceremony. I was out of station for 15 days and I had already taken up operative work which could not be postponed. I have already spoken to Mr. Nimkar on the phone.

Dr Bhaskar Patel was with us at Station when I went personally to give the invitation cards Mr. K.M. Kabra has gone to Patna - & will be back after 10 days. Drs Sardesai & Sathe have been personally invited by me but neither of them will be coming. They said they could have managed if the function was on Sunday.

Please give my respects to Shri Keskar - whom I had the pleasure of having friendship since with Dr Tulpule.

My sincere wishes for the success of the function

with kind regards

My dear Dr Kandikar,

Received your letter. I had sent a reply with the accompanying telegram & money. It is returned today saying that it was not accepted as there was no such telegraphic office as Ghatapradha. I wrote the telegraphic address as given in your letter form. But I did send a message by post to Dr. Vaidya & I hope it was received in time. I am glad that you are taking such genuine interest in the Institute. I hope it is now becoming more & more popular, and also excellent service to the unfortunate ailing persons. I hope you will continue your interest in it. It is good that the water scarcity is now removed.

I hope to visit the Institute when I go to Belgium in February.

With my best regards,

Dear Doctor,

I am very glad to congratulate you upon the grand success of the function of the opening ceremony of your maternity ward. The credit all goes to your sincere efforts only. It gave all of us the greatest of pleasure to attend that function.

As regards our patient, Mrs. P. Stott, I did not wish to trouble you, as you were very busy with your guests during the last couple of days.

She was given all treatment including the Aureomycin capsules, but as the pain still persisted and abdomen started getting rather rigid and tender, with some mild rise in the pulse and temperature, to avoid further risk and responsibility we decided to send her to Beech Candy Hospital, Bombay. (A hospital, as you know, run by the United Kingdom Association, nicely equipped and air conditioned.)

She was eventually sent to Bombay day before yesterday by the evening mail train and that was the reason why we had to quit your premises immediately the function was over.

I am very much thankful to you for your help in coming over here on the Saturday night and advising the necessary for Mrs. Stott. Please do send your usual bill for the visit in due course and oblige.

With best regards.

Yours sincerely,

To,
Dr. Jivraj N. Mehta M.D.
Minister for Finance,
Govt. of Bombay.

Respected Sir,

I am very happy to write this letter to-day.

You know the above Institute I am running for the last four years. You were kind enough to visit it twice during this period and encourage me for the progress it was making.

You were also kind enough to order the P.W.D. to allow us to draw water from the Ghataprabha river at nominal charges. It will please you to know now that we have been able to complete our small water scheme at a cost of about Rs. 5000 with the help of income from paying patients and loans thus completing the work you had started and relieving a great worry for me and the patients.

Dr. B.V. KESKAR has kindly consented to perform the opening ceremony of this scheme and also small Maternity ward on the 5th of Jan. 1953 at the request of Dr. Hardikar.

I invite your blessings on this occasion and am sure it will please you to visit this institute again when you come this side and see its further progress.

I had applied to the Bombay Govt. according to advice received from Dr. Gilder after his last visit with you in 1950. Unfortunately, I was advised last month that no help could be given to the Institute because its accounts do not show any deficit. I was advised by many to 'show' deficit as otherwise Govt. would not help. I, however, never liked the idea, nor was I willing to spend without an eye on properly balanced budget when all the burden of running it falls on the man who earns there being neither reserve funds nor any but medical source of income so far.

With kindest regards and respects,

I remain, Sir,
Yours obediently,

M.K. Vaidya.

My dear Dr. Vaidya,

Thank you very much for your kind invitation to attend the Opening Ceremony of the Female T.B. Ward to be performed by the Hon'ble Shri Chintamanrao Deshmukh on the 3rd August, 1954. For obvious reasons it is not possible for me to be present on the occasion though nothing would have pleasedme better than to attend the ceremony.

2. I have had the great pleasure of seeing the enormous amount of most humane work done so far by your Karnatak Health Institute at Ghataprabha, and yet it seems so odd that few people on this side of the country are aware of the magnitude of the achievements and further possibilities of expansion under the auspices of the Institute for protecting the health of people, more especially the middle and the lower classes. I trust and hope that this auspicious occasion would remove at least to some extent this lacuna and bring forward active assistance and donations from all those who are charitably inclined and/or who have the interest of prpmoting better health in the country in their heart.

Dear Dr.Vaidya,

It is very kind of you to have invited me to be present on the occasion of the opening ceremony of the Female T.B. Ward on the 3rd August 1954. Owing to pressure of work I am afraid I shall not be able to give myself the pleasure of attending the function.

I do hope and pray that your laudable efforts will bear fruit and make the Institution go from strengh to strength in the service of suffering humanity.

My dear M. K.,

I thank you for your invitation for August 3rd. I am afraid I shall have to miss this chance too, of seeing your Institute. Obviously you have made remarkable progress since you took over, and I must say I am not surprised. Knowing as I do, even from our student days, your single-minded devotion to the work at hand it was to be expected that the Karnatak Health Institute would progress steadily to greater achievements under your medical guidance and work. Congratulations are due to the people who recognised your merit and more so your potentiality and who harnessed it towards useful social service for Karnatak. I congratulate them and wish you the best of wishes for further progress.

With best regards from both of us.

Yours sincerely,

14th July, 1954.

My dear Dr. Vaidya and Hardikar,

Thank you so much for your letter of 13th July, 1954. I have written to Mr. Nandedkar as per copy attached.

Time is getting short and you seem to be wanting me to come now and then again on the 3rd of August. I have already advised you that this is not possible and therefore requested you to let me have all the particulars you require so that I could attend to this in good time.

You are aware that myself'am not always in Bombay and at conditions as at present nobody likes to do rush work. It is therefore, most essential that all the invitations and instructions regarding the Tablets required are sent here immediately as otherwise it would be next to impossible to attend to them. I may advise that these are already late and if for giving me a text of the tablets is taking you all this time, you may just imagin the time required for the inscription on the tablets. I would also like you to have the invitation to attend the function on the 3rd sent to the following people:-

1) Hon'ble Shri. M.M.Naik Nimbalkar,
Minister for P.W.D., Bombay.

2) Shri. Bala Saheb Apte,
General Manager,
Phaltan Sugar Works Ltd.,
Sakharwadi, Dist. Satara.

3) Shri. N.S.Gupchup
1204/13 Shivaji Nagar,
Poona 5.

P.T.O.

Mrs. Nimbkar is leaving here on the 6th for U.K. and she will be pleased to attend on the 3rd but must return on the 4th of August. You will, therefore, have to provide accommodation for her, myself and Mr. Gupchup and also for Bala Saheb Apte. Please let me know that this would be available so that I can extend the invitation accordingly.

Mr. Naik Nimbalkar is definitely coming there on the 3rd morning but I believe that he is proposing to return the same evening since Shri. C.D.Deshmukh is visiting Phaltan on the 4th.

I do not understand why you wish Shri. Shantilal Shah to preside at the function. I believe that Mr. Lokur could preside at same and if you want that any of the Ministers should do this, then we could request Shri. Naik Nimbalkar to preside at same. The formal invitation however, will be sent to the rest of the Ministers.

You are aware that practically everybody is busy with his work and if you want them to do anything on the 3rd of August, the invitations should have been out on the 13th. I had hoped that with Dr. Hardikar on the spot, these preliminaries would have been easily attended to.

None of us have any money and with the present structure whatever was there has also disappeared. You are aware that I am not the fit person to beg and I can only make whatever sacrifices I can personally and believe that better results can be accomplished by being self-reliant than by begging. However, if you wish me to take the beggar's bowl to anybody, I will be glad to join you. I, however, hope that this would not be necessary and as people appreciate your work, they will join in voluntarily.

V.Nimbkar.

Subject:- Out-door Recordings - Ghataprabha Left Bank Canal.

Sir,

Kind ref. is invited to your letter No.RPK/1281 dated 27.7.54.

We are thankful to you for making arrangements with the District Publicity Officer, Belgaum, to be present at the site of the function with their Petrol-Generator installed in the Mobile Publicity Van.

We have now proposed to broadcast the proceedings of the inauguration of the Left Bank Canal by the Union Finance Minister and also the proceedings of the T.B. Ward at Karnatak Health Institute, Ghataprabha the same day between 2130 and 2230 hrs (9.30 p.m. to 1030 p.m.) from Ghataprabha. The broadcast will be arranged from the Office of the Executive Engineer, Left Bank Canal Div. Ghataprabha through the Telephone-Lines made available there.

So, we are approaching you to request the District Publicity Officer, Belgaum to make available his mobile Van with the Generator at the Executive Engineer's Office in Ghataprabha between 8 p.m. and 1030 p.m. to enable us to have the power - supply for our recordings. It is hoped that this facility can be given by you without much inconvenience.

Thanking you again for your assistance in the matter.

Sub:- Supply of timber for the free T.B.ward.

The above charitable institution,which has been serving the surrounding villages in Health education andtreatment,has planned to extend its work by building another free ward for women in its T.B.Section with an operation theatre and a Clinic.

Hon Rajkumari Amrut Kaur,the Union Health Minister,laid the foundation of these buildings in October and the work of its construction has begun with the aim of completing it before May when its opening ceremony is envisaged at the hands of Shri C.D.Deshmukh.

We learn that the Govt of Bombay may give the required wood for these constructions for such a work as this, free of charge ,or with some royalty if we inform them of our requirements through the forest department.

The details of our requirements for the above and some other work of the Institute are given and it is earnestly requestedthat all the necessary facilities be extended for this good work at the earliest.

Cut pieces of good seasoned teakwood as per specifications may please be supplied to us from Alnavar,Nagargali,or Tavargatti Depots as this is convenient for the Institute for both railroad approach and speed of transport.

An early action in the matter will be highly appreciated by us as it will help us to complete the work in time and give relief for more poor patients.

Thanking you for an acknowledgement and early reply,

My dear Doctor Vaidya

Your letter together with the list. I have already written to you about that Company. I have no communications with them. I will deal with them myself. Don't rush.

Shri Deshmukh's programme is changed. Instead of the 22nd July night he (they) reach Ghataprabha by the early morning Express train from Hubli on the 23rd of August. They have dropped Dharwar and Belgaum both. They leave Bangalore on the night of the 18th of August by mail train, reach Hubli on the 2nd noon (12.30), leave Hubli same (2nd) night at 11.39 and reach Ghataprabha on the 3rd morning. They leave Ghataprabha by mail at night on the 3rd. Please note.

They go that side only for Hubli (Dr Mahajan) and Ghataprabha (Dr Vaidya)

DR.N.S. HARDIKAR, M.P.,

110

10, Akbar Road,
New Delhi,
11th May, 1954.

My dear Durgabai,

I have your letter regarding the short sketch of my life and social work. Thank you. I will certainly send it to you within two or three days.

I think your tour programme is finally fixed; that is what Mr.Kasbekar has told me. From the revised programme you are to be in Hubli on the noon of August 2nd and leave that City at night for Ghataprabha where you arrive at about 4.30 A.M. You will ~~have~~ leave Ghataprabha on the 3rd night by Mail for Phalton and reach Poona 4th night either by car or by train. That is the programme what I have been given.

At Hubli, Mrs.Umabai Kundapur desires you to take lunch at her residence. She will make, she says, arrangements for the entire party including Mr.Deshmukh, the Finance Minister. Then you have to address a meeting of the women ~~workers~~ workers, who are not only active in the field of social science but also active in other walks of life. Then it is just possible that you will lay the foundation stone of the building of the Bhagini Mandal which was started in 1922. You will also visit the Women's Maternity Hospital along with Mr.Deshmukh and see for yourselves the splendid work that is being done by them.

In-so-far as Mr.Deshmukh's Hubli programme is concerned, the main item shall be a meeting of Congress workers including M.Ps., M.L.As., M.L.Cs, Members of District Boards and Municipalities. A meeting of Office Bearers of the District may also be held at Hubli. As the train leaves Hubli after 11 at night, there will be enough time for you to attend dinner party, if given by any of the local M.Ps. and M.L.As. At this moment, I am not in a position to say anything about it. Anyway, I have given a hint to you that it is just possible that Congressmen may insist upon such a programme besides simply a meeting of workers.

I will send you some short material regarding the Bhagini Mandal and the Women's Hospital of Hubli for your information and guidance.

At Ghataprabha, there will be three different organisations which will be arranging ~~their~~ Your programmes.

The first is the Karnataka Health Institute. Here Mr. C.D.Deshmukh will open the new T.B.Ward in the Sanatorium section, the foundation stone of which was laid by Rajkumari Amrit Kaur on October 11, 1953. Besides this function you will both of you of course ~~will~~ see the Hospital and know the working of the Institute. All arrangements for your stay etc. at Ghataprabha will be in the hands of the Karnataka Health Institute. The literature about this organisation has already been given to Mr. Kasbekar for your perusal and information.

Secondly, the left bank canal work of Ghataprabha river is going on now. The headquarters of the P.W.D.Engineers, who are working for this left bank canal are at Ghataprabha. Raje Sahib of Phalton, who is the P.W.D.Minister of Bombay is arranging a programme for both of you at Ghataprabha ~~and~~ Ram in correspondence with me. You will know about it a little later.

Thirdly, the Community Project area is situated in this locality. The Community Project Officers would like you to ~~may~~ see the work that the Project is doing. If it will be raining, they will hold a meeting of their workers at Ghataprabha ~~and~~ Ram in correspondence with the Project Officers. I will let you know what he does and how he drafts the programme.

This letter is meant simply to keep you informed of what these organisations are and what both of you will have to do when you visit Hubli and Ghataprabha. A detailed programme will be drafted a little later and will be sent for your guidance.

Please see that Mrs.Umabai Kundapur, Hubli, is not disappointed as she is one of our oldest workers. She is in the field from 1917. So you know what her disappointment would be if you don't accept her invitation. I am asking her to look after your and Mr.Deshmukh's entire programme at Hubli.

With kind regards,

Your brother,

(N.S.Hardikar).

Dear Dr. Vaidya,

Thank you for your letter of the 3rd instant, received this morning.

I am pleased that you were able to make suitable arrangements for your cement.

I shall be very pleased to attend the opening ceremony of the new T.B.Ward provided the causeway at Gokak is passable; otherwise, unless I can arrange for the Executive Engineer to send a jeep to the north side of the suspension bridge, I am afraid I shall be unable to accept your invitation.

Dear Dr. Vaidya,

On my return from Delhi on Saturday, I found that my wife was suffering from Herpes, with patches of rash on the back, head, right eye & cheek. She is unable to move out of her bed and the doctor, who is treating her, says that she will take at least ten days more to recover. In these circumstances I find it impossible to leave her and go to attend the functions here on the 30th. I am extremely disappointed. I hope you

My dear Hardikar,

In accordance with Mr. Nimbkar's instructions I have today sent our Kaiser Car, BMZ-7371 with the driver. The name of the driver is Karman Rao and he has left this place at 1.30 P.M. today.

The two Tablets prepared in English have been sent in this Car along with some articles of Occupational Handy-work given by Mrs. Nimbkar. The driver is new to this route and hence I have obtained a Road Guide from the W.I.A.A. Bombay and have handed over the same to the driver with clear instructions and I hope that he will have no difficulty in reaching Ghataprabha by tomorrow noon.

The Tablets have been properly packed in wooden case, so that they may not be damaged in transit and I have instructed the driver to be very careful on the way as well as while unloading the same from the Car at Ghataprabha, so that they may not be damaged. I would appreciate it if you will kindly arrange to have somebody supervise the unpacking of the case, so that the persons who unpack it do it carefully and do not damage the contents.

Mr. Nimbkar has left here for Bangalore yesterday morning and I believe he will be coming to Ghataprabha direct. Before going he instructed me to advise you that Shri Rajasaheb of Phaltan would be arriving Ghataprabha on the morning of the 3rd August. He has particularly asked me to request you to see that lunch for Shri Rajasaheb is served before 12 noon on that day, as it appears that he would be leaving for Phaltan the same day at 1 P.M.

P.T.O...

I shall be most obliged if you will kindly ensure that Shri Rajasaheb's lunch is definitely served at 12 noon.

I have received your invitation card for the occasion of the opening of Female T.B. ward by the Central Finance Minister. I am glad to note the rapid progress the K. H. I. is making on all sides. I wish I could be there but it depends—

For the last few days I am not feeling well. My old Complaint has again appeared i.e. cough and breathlessness

I think I shall have to pay visit to Hukkeri Rd - when I have not decided.

What about your going to America or Europe to pick up chest surgery?

I hope you are all doing very well with your family.

I have received the invitation and thank you. I assure you I bear no malice to you nor the Institute. I was only annoyed that the men in power have ignored me completely and have gone back upon their own resolutions, in search of power politics. That's all.

However, I have forgotten the past and will be glad to come there On the 3rd inst.

I shall start by 12 noon train here & reach there about 2.30 P.M.

It is my proud privilege to introduce the Honorable guests this evening — SRI CHINTAMAN DWARKANATH DESHMUKH, UNION FINANCE MINISTER & AND SMT. DURGABAI DESHMUKH, Chairman Social Welfare Board and executive of Planning Commission

SRI C. D. Deshmukh has served the Govt of INDIA in various capacities, as deputy Commissioner Settlement officer, Secretary Round Table Conference, Revenue and financial secretary, Govt of CP and Berar, Joint secretary Govt. of INDIA in dept of Health, Education and, lands, Indian delegate to World Monetary Conference, Governor Reserve Bank of INDIA, Member, Planning Commission and now Member of Planning Commission, as well as the Finance Minister for the last four years.

SRI Deshmukh is not only the master of a dry and complicated subject of finance but is also a connoisseur of ART and a very keen student of science and scholar of SANSKRIT language.

He is one man today in INDIA who can make COLD FACTS OF FINANCE interesting and present them with Scientific precision and religious reverence. As Mr Henry FORD, the Father of chain system of Production has said in his book "my Philosophy of INDUSTRY" — "I have more regard for that man who has behind the money problem than all the economists of the World". In short SRI Deshmukh is the man who makes ideas practical and ideology a reality with the ease of an ARTIST and dignity of an Administrator

SMT. Durgabai Deshmukh is an equally well known lady in her own sphere of activities. These are too numerous to be mentioned here.

SMT Durgabai Deshmukh came into prominence when she became the member of the Constituent Assembly and Social Activities received the attention of Govt of INDIA. She made her contribution as a member of the first Planning Commission of INDIA.

After her marriage she has started her work as a specialist in one phase of Planning Commission namely "SOCIAL WELFARE WORK" She has impressed upon the Nation the fact that the resources of the Nation must first be made available to those Persons and Institutions who have already made a beginning, there by, furthering their work by direction and help, so that, it may bear an early and better harvest and bring on the Country the heaven of health, welfare and happiness, which alone will perpetuate our Independence.

The Messages of Good Wishes have been received from many well wishers of the Institute. Prominent amongst them are

1- Rajkumari Amrit Kaur, Union Health Minister
Who ~~has written~~ is delighted to know that the work of the Ward for T.B. Patients for which she recently laid the foundation stone is completed.

Dear Sir,

Thanks for your kind invitation to attend the opening ceremony of the Female T.B.Ward and the Foundation Stone laying ceremony of the Social Welfare Bulding of the Karnatak Health Institute. I regret it would not be possible for me to remain present on the occasion due to indifferent health and at such a distance.

I am glad to note that your Institute is making good progress. I send my best wishes for its long useful career and for the success of the functions.

Yours sincerely

Sir,

I have to thank you for the invitation to the opening Ceremony of the Female Ward, and the Laying of the foundation Stone for a Social Welfare Building, which is to take place to-morrow.

I regret my inability to be present for the occasion, though I would have loved to be there. I wish to Congratulate the Managing Cttee and the Medical Officer In Charge

on the progress of the Institution and I wish you all the best of Luck and success in future.

Yours Sincerely,

Dear Dr. Vaidya!

This is Bombay speaking, after a laps of 6 years. Hope you recognise the voice. I have had absolutely no news about you or your work. I am writing this in the hope that you are still the Medical Officer I/c of the Karnatak Health Institute. Twice I have had news about the Institution in the form of the invitations that I got. Though how anyone knew my address to post them to me is a mystery to me. I Congratulate you on the progress made within the past six years. I must say that it is

Grand. Compared with the past. I would simply love to come & see it all with my own eyes; but I feel my inability to do so at this stage. The very fact that you have asked for two nurses from here means a great deal. I hope you would like them. They are not only experienced but also well behaved & that means a lot.

Do write & let me know all about the Institution in general & yourself in particular, if you have the time to spare and don't mind writing to a person who has been a complete stranger for the past six years..

Yours sincerely.
Rohini.

Dear Doctor,

Received your kind letter yesterday. Many thanks for the troubles taken to arrange for a jeep from P.W.D.

I do not think Mr. Dale will come there, but our general manager L.B. Dick Esqr, myself and Dr. S.K. Nigumkar, will be ready for the jeep at the other end of the bridge at 3-30 p.m. tomorrow. Wish every success in the function.

Very respected Panditji,

It places me to invite your blessings to this Institute running a fully equipped cottage Hospital and a T.B. Sanatorium, ~~at the occasion~~ for villagers in this desert corner of Bombay state - at the occasion of opening of a new ward for free, half free, and concession class female T.B. pat

This Hospital is a Medical Mission by Indians. It is built in an out of the way place away villages. It is built by small men over a period of 20 years on sacrifices of many a worker and has run silently all along against many odds since British days. It is also built for small men and is working without any Govemt or rich man's support.

The motto is "Patient is the God & Medicine the religion". Now it is trying to expand to serve more people and once only I beg to lay its quiet achievements before you - for your blessings.

In the interest of the Institute

yours truly sincerely

M.K. Vaidya.

Dear Dr.Vaidya,

Received your letter dated the 11th August, 1954.

I am glad that the programme arranged by the Institute was quite successful. You need not worry about the misunderstanding created about the lunch. It was not your fault at all. As the lunch is always restricted to a limited number and as I had received no invitation by that time I did not think it proper to attend the lunch. However, as Shri Nimbkar explained the position I readily agreed to join all of you for the lunch. After coming to Bombay I saw your letter also. The misunderstanding was created as I could not receive your letter in time. Therefore you need not worry about it. I hope your Institution will grow in strength and serve the poor.

Yours sincerely,

Sir,

In continuation of this office letter of even No. dated 14-4-1939, I have the honour to say that the allowance of the Branch Postmaster, Mallapur for the Post Office work is Rs.6/- per mensem and that the Branch Postmaster, is required to make his own arrangement for the accomodation of the Post Office within the above allowance. The present Branch Postmaster, Mallapur, who is a local School Master, is unwilling to locate the Post Office at the Hukeri Road Railway Station as he is required to pay a house rent for the Post Office building. The present allowance of Rs. 6/- per mensem is fixed according to the standard prescribed by the Department and no increase in the allowance is justified. The Post Office has therefore been shifted back to the Village Mallapur, as no person is available to work on the existing allowance of Rs. 6/- per mensem and to locate the Post Office at the Hukeri Road Railway Station. In the circumstances, I regret that it is not possible to comply with your request, unless a suitable man who is willing to locate the Post Officeat the Hukeri Road Railway Station and to do the Post Office work on the present allowance, viz. Rs.6/- per mensem is secured.

I have the honour to be,
Sir,
Your most obedient servant.

Dear Sir,

I am really sorry that I was unable to write to you all these days. I trust, You will pardon me.

You might have already seen my reply – article in Samyukta Karnatak. After Coming here I made the necessary enquiry regarding that mischievous piece of writing in Lokamat; I am convinced that it was an irresponsible piece of journalism of a very, very junior member of the staff me. It may interest You to note that I have already kicked off my editorial job at that office. My pay arrears are not yet realised and that is why I am not yet in a position to repay the amount You so readily and kindly lent me. I shall never fail to send

the same in due course. The very happy days I spent there are surely unforgettable. Your charming manners, your assistants engaging attention and the care and affection of your secretary Mr. Kanjalji and the staff are ingrain in my mind and I very earnestly look forward to spending some more days there, in that place of enchanting loveliness and undisturbed solitude.

Being a bachelor, and having vowed not to marry, I have determined to dedicate my entire future for some controlling cause and institution. But as yet I have not been able to fix one single man who can inspire me to greater nobleness and self-sacrifice. Men of talents and genius have to wear out their useful lives in dingy corners, while self-seeking adventurers are stalking our public life as hungry wolves and greedy vultures.

people may shout themselves hoarse that we are progressing but to me it seems that we are really regressing. Maybe, I am obsessed with pessimism; but, my little experience of men and things in Karnataka has driven me to this desperate conclusion.

If You have got photos of your institute & yourself, please send them to me, for, I want them to send for publication to the Hindu and Modern Review with what I have penned about your institute. I shall also send it in Kannarese to some Kannada magazines. I would crave for that You will never have to repent for having treated me so kindly and intimately and that I would do all I can towards popularising your Institute which is the desideratum of a resurgent Karnataka.

My love to mrs. Kanjalgi & Dr. Wajwadkar & Mrs.

My letter has become practically an autobiographical sermon, which please excuse.

Yours very obediently
Sandeshwar Ganapathy Rao
